

# PTFE

**Product Name** : PolyTetraFluorEthylene  
**Product Code** : PTFE  
**Availability** : Yes

## Product description:

### Material Grade

- Virgin Grade (VG)
- Carbon Filled (CF)
- Glass Filled (BF)
- PTFE Compounded

### Stock Shapes

- Moulded Sheets
- Skived Sheets
- Extruded Rods
- Moulded Rod
- Flexible

### Applications

- Pump Housing, Valve seats, Rollers, Gasket
- Chemical tank, Cleaning rack, Tank lining
- Sealing strip, Spray nozzle, Washer, Bearing
- Scraper blade, Tube fittings, Hydraulic Seals

### Properties

- Excellent chemical resistant
- High service temperature
- Self lubricating property
- Good machining ability
- High UV resistant
- Very low friction
